

The Fairfield International Academy *Fair Chance Scholarship*

(This application must be submitted with a completed Admissions application in order to be a candidate for a Fair Chance Scholarship.)

Fairfield International Academy (FIA) is honored to offer the *Fair Chance Scholarship*, awarded annually to students who have proven academic drive and whose family annual income is less than JMD\$2,000,000 *per annum*. The *Fair Chance Scholarship* aims to identify and support successful students with great potential whose families have demonstrated financial need. The scholarship provides financial assistance to cover school-related fees, the required medical evaluation fee, and the cost of textbooks and uniforms, as well as after-school activities at the school. This financial assistance will be renewed annually until graduation, as long as recipients remain students in good standing at Fairfield International Academy.

Students selected as Fair Chance Scholars are held in high regard by the faculty, staff and FIA Governing Board, all of which implies higher expectations in all aspects of life at school and in the community. It is understood that the prior achievement and recognition Fair Chance Scholars have earned will continue throughout the students' years at FIA, bringing further character growth, leadership and academic distinction. Fair Chance Scholars are expected to maintain a minimum average of 80% in all subject areas throughout their years at FIA. Conversely, any negative behaviour or discipline referrals would be grounds to reevaluate the status of the scholarship. It is likewise hoped that Fair Chance Scholars will play leadership roles in extracurricular activities, including service projects and contributions to the Montego Bay communities.

Attached to this summary of the scholarship are the application form and an outline of the application process. Please complete and submit the application to FIA@FairfieldAcademyJA.com. All standard supporting documents for admission must be submitted prior to any consideration of FIA scholarships, including the *Fair Chance Scholarship*. Please note that incomplete admission applications and scholarship applications received after June 1, 2021, will not be considered for scholarship awards.
